What makes SCC Unique?

When God's people support God's work, Kingdom growth results

Affordability

The need for Kingdom workers is great and demanding. Debt stifles the spirit and disrupts far too many people from pursuing God's call. Our faculty, staff and trustees work together to ensure all graduates are given the important opportunity to enter into Kingdom work free from student loan debt.

We rely upon strong, godly donor relations and stable partnerships to cover our expenses.

Trustees, serving on behalf of Christ and the Christian community, approve our annual budget and hold the administration accountable for effectively using all of God's provisions.
